

Accessories and Maintenance kits

Remote Panel Simple Switch

Remote panel which can be used with all Onan Diesel Power Generators  
**RF COM P/N: 37050**

Digital Remote Panel

Remote Panel that can be used with all Onan Diesel Generators (except for SV QD 3200 model). Includes:

- On/Off switch
- Battery monitor
- Generator Diagnosis
- Automatic Generator On/Off functions
- Support for 3 air-conditioning start requests

**RF COM P/N: 37056**

RF COM Automatic Start and Transfer Switch for Generators

Model	GC08	GC1208	GC1812
Manufacturer	RF COM	RF COM	RF COM
Power supply	Vdc 8-15	8-15	8-15
Current consumption	mA 800	800	800
Maximum Power	kVA 8 (single phase)	12 (3ph) 8 (2ph)	18 (3ph) 12 (2ph)
Nominal Voltages	Vac 120	220/380	220/380
AC Frequencies	Hz 60/50	60/50	60/50
Dimensions	mm 330x330x155	330x330x155	330x330x155
Weight	kg 5	5	5
Part #	<b>49267</b>	<b>48782</b>	<b>49241</b>

Complete automatic start system for generators, including load transfer relays and protection circuit breakers.

Some of the features included:

- Backlit display for: System status information, hour meter, start counter, faults, generator voltage and frequency, next maintenance date/time, etc.,
- Programmable cooling wait time before turning off the generator after loads have been transferred to the grid,
- Monitors generator engine oil pressure and coolant temperature sensor switches,
- Auto-start disable based on date/time schedules,
- Fully programmable operational parameters, timers, and limits.

Air, Fuel, and Oil Filters for Cummins-Onan QD series Generators, and Maintenance kits

Kits de revisão 500h:

- QD 3200: Filtros de ar e combustível
- QD 5000: Filtros de óleo, ar e combustível
- QD 6000/7500/8000: Filtros de óleo, ar e combustível
- QD 10000/12000: Filtros de óleo, ar e combustível

Kits de revisão 1000h:

- QD 3200: Filtros de ar e combustível, o-ring do filtro de óleo
- QD 5000: Filtros de óleo, ar e combustível, correia, termostato e gaxeta, tampa do reservatório do radiador
- QD 6000/7500/8000: Filtros de óleo, ar e combustível, correia, termostato e gaxeta, tampa do reservatório do radiador
- QD 10000/12000: Filtros de óleo, ar e combustível, correia, termostato e gaxeta, tampa do reservatório do radiador

Gerador	QD 3200	QD 5000 / 5500	QD 6000 / 7500 / 8000	QD 10000 / 12000
