

Andrew Type # composition

AAA - **PBB** **BB** - **CCC**

AAA: Cable Type:

- F1A = Heliac Superflexible 1/4", FSJ1-50A
- F2A = Heliac Superflexible 3/8", FSJ2-50
- F4A = Heliac Superflexible 1/2", FSJ4-50B

Call us for Extra Flexible and Standard cables

BB: Connectors:

- NM = N Male
- NR = N Male 90°
- NF = N Female
- DM = DIN 7-16 Male
- DR = DIN 7-16 Male 90°
- DF = DIN 7-16 Female
- KR = DIN 4.1-9.5 Male 90°

Assemblies with other connectors also available, outside the Sureflex line. Contact us for more information.

CCC: Length:

- M5 = 0,5 Meter
- 1M = 1 Meter
- 1M5 = 1,5 Meters
- etc.

SureFlex:

Assemblies are 100% tested and include a 10-year warranty.

The SureFlex Jumpers uses Heliac cables with coaxial connectors specially mounted and 100% tested in factory in accordance with patented technique. Some Sureflex Jumpers advantages:

- 100% water-proof - IEC IP66 and IP68
- Perfect connection - depth of the central pin adjusted in factory
- 90° connectors with same performance as straight connectors- center pin in unique piece
- Solder in all contour of the connector - 360°
- Lower cost and faster installation

Not all cable compositions are available in SureFlex Jumpers. The table below only shows a few of the available compositions. Consult us for other compositions and lengths.

Connectors	Length	CommScope Part#	RFCOM Part#
Cable FSJ1-50A - Superflexible 1/4"			
NM-NM	0,5m	F1A-PNMNM-M5	18085
Cable FSJ2-50 - Superflexible 3/8"
